In such an event the Licensee is entitled to reimbursement of the consideration paid for the License material, less depreciation for the period of use in accordance with trade law.

11.4. Licensor shall not be liable nor have any obligations whatsoever if a claim under protected rights is based on the fact that the License material has been modified by the Licensee or by a third party engaged by the Licensee or the fact that the License material has been used under conditions of use other than those specified.

11.5. Where permitted in law any further liability on the part of Licensor is excluded.
